All children, regardless of school enrollment or meal eligibility status, can receive FREE meals. A student's ID Number or Student Meal Barcode is not needed to receive a FREE grab & go meal kit.

Have you completed a Free & Reduced Meal Application for the 2020-2021 school year?

Did you know free & reduced-price meal applications benefit your family and your school?! Even though all students will receive free meals, households still need to complete free & reduced meal applications every school year. If there is an interruption in benefits or the household does not reapply, the household is responsible for payment of meals until the application is approved.

The Free & Reduced Meal Benefits Program is a part of the National Child Nutrition Program. This program makes Free or Reduced priced meals available to qualifying households. Qualifications are based on the gross income of all household members and the number of persons living in the house.

- Free & Reduced Meal Applications are available online for the 2020-2021 school year. Visit www.fulton.schoollunchapp.com to begin the online application process.
