

SCHOOL LEVEL WELLNESS PLAN

Guidelines and Resource Materials for Implementation

FULTON COUNTY SCHOOL SYSTEM SCHOOL WELLNESS PLAN

To achieve the Fulton County Schools District Wellness Policy EEE:

The district will have a Wellness Council to engage students, parents, teachers, food service professionals, health professionals, the school board, administrators, and other interested community members in developing, implementing, monitoring, and reviewing district-wide wellness policy, goals and practices for comprehensive school health. The council's purpose should be to address health issues using a coordinated approach in order to improve student health and wellness.

Each local school is encouraged to have a school level Wellness Council. The Wellness Council may be an independent council or committee incorporated into an existing school council or committee. Each school is encouraged to identify a school wellness policy coordinator, who will help ensure compliance with the policy.

This plan outlines the district's approach to ensuring environments and opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day. This plan establishes goals and procedures to ensure that:

- Students in the district have access to healthy foods throughout the school day—both through reimbursable school meals and other foods available throughout the school campus—in accordance with Federal and state nutrition standards;
- Students receive quality nutrition education that helps them develop lifelong healthy eating behaviors;
- Students have opportunities to be physically active before, during, and after school;
- Schools engage in nutrition and physical activity promotion and other activities that promote student wellness;
- School staff are encouraged and supported to practice healthy nutrition and physical activity behaviors in and out of school;
- The community is engaged in supporting the work of the district in creating continuity between school and other settings for students and staff to practice lifelong healthy habits; and
- The district establishes and maintains an infrastructure for management, oversight, implementation, communication, and evaluation of the policy and its established goals and objectives.

This plan applies to all students, staff, and schools in the district.

I. Introduction and Background Information

On June 30, 2004, President George W. Bush signed Law 108-265, the Child Nutrition and WIC Reauthorization Act of 2004. This law requires that each local educational agency participating in a program authorized by the Richard B. Russell National School Lunch Act (42 U.S.C. 1751 et seq) or the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq) to establish a local school wellness policy by July 1, 2006.

- Appendix – Child Nutrition and WIC Reauthorization Act of 2004

In June 2006, the Fulton County Board of Education adopted Policy EEE – Wellness Policy to address the requirements of the Child Nutrition and WIC Reauthorization Act of 2004.

- Appendix – Board Policy EEE – Wellness Policy

In December 2010, President Barack Obama signed The Healthy, Hunger-Free Kids Act (HHFKA) of 2010. This law required the establishment of national regulations for all foods sold in the breakfast and lunch programs.

- Appendix – Healthy, Hunger-Free Kids Act of 2010

In July 2014, the regulations of HHFKA were expanded to cover the entire school building. This is known as the Smart Snacks Guidelines. In July 2016, the HHFKA finalized the regulations for the Local School Wellness Policy Implementation.

- Appendix – Smart Snacks in School Nutrition Standards

As required by law, the Fulton County Schools Wellness Policy includes:

- **Goals for nutrition education and promotion, physical education and activity, and other school-based activities** that are designed to promote student wellness;
- **Nutrition guidelines for all foods sold during the school day** with the objectives of promoting student health;
- **Guidelines for reimbursable school meals**
- **A plan for fostering community involvement and notification**, including parents, students, the school board, school administrators, and the public in the development and implementation of the school wellness policy
- **A plan for monitoring and measuring implementation of the wellness policy**

II. Whole School, Whole Community, Whole Child: School Level Wellness Council and/or School Level Councils

Whole School, Whole Community, Whole Child (WSCC) is a ten component model created by the Centers for Disease Control and Prevention addressing the emotional and physical needs of everyone in the school setting: students, teachers and administrators. The components include the following: Physical Education and Physical Activity; Health Education; Health Services; Counseling, Psychological & Social Services; Social and Emotional School Climate; Physical Environment; Employee Wellness; Community Involvement; Family Engagement; and Nutrition Environment and Services. Schools can modify the model to fit the needs of their schools, students and communities.

2. Nutrition Guidelines for Foods Available During the School Day
3. Other School-Based Activities that Promote Wellness
4. Physical Education and Physical Activity
5. Public Notification: Communication Engaging Parents, School Board/Administrative Staff and the Community
6. Implementation and Evaluation

The following objectives and standards are outlined for each goal area. The school level wellness council should comply with the goals of the district wellness policy and choose to implement one or more standards for each goal.

IV. School Wellness Council

Fulton County Schools will convene a representative district wellness council that meets at least two times per year to establish goals for and oversee school health and safety policies and programs, including development, implementation, and periodic review and update of the district wellness policy. The district must allow parents, students, school nutrition staff, teachers of physical education, school health professionals, the school board, school administrators, and the general public to participate in the development, implementation, and periodic review and update of the wellness policy. The district wellness council meetings will be announced to the public to receive feedback in the development, implementation, review and any updates to the wellness policy.
